

Examination  
Survey Summary

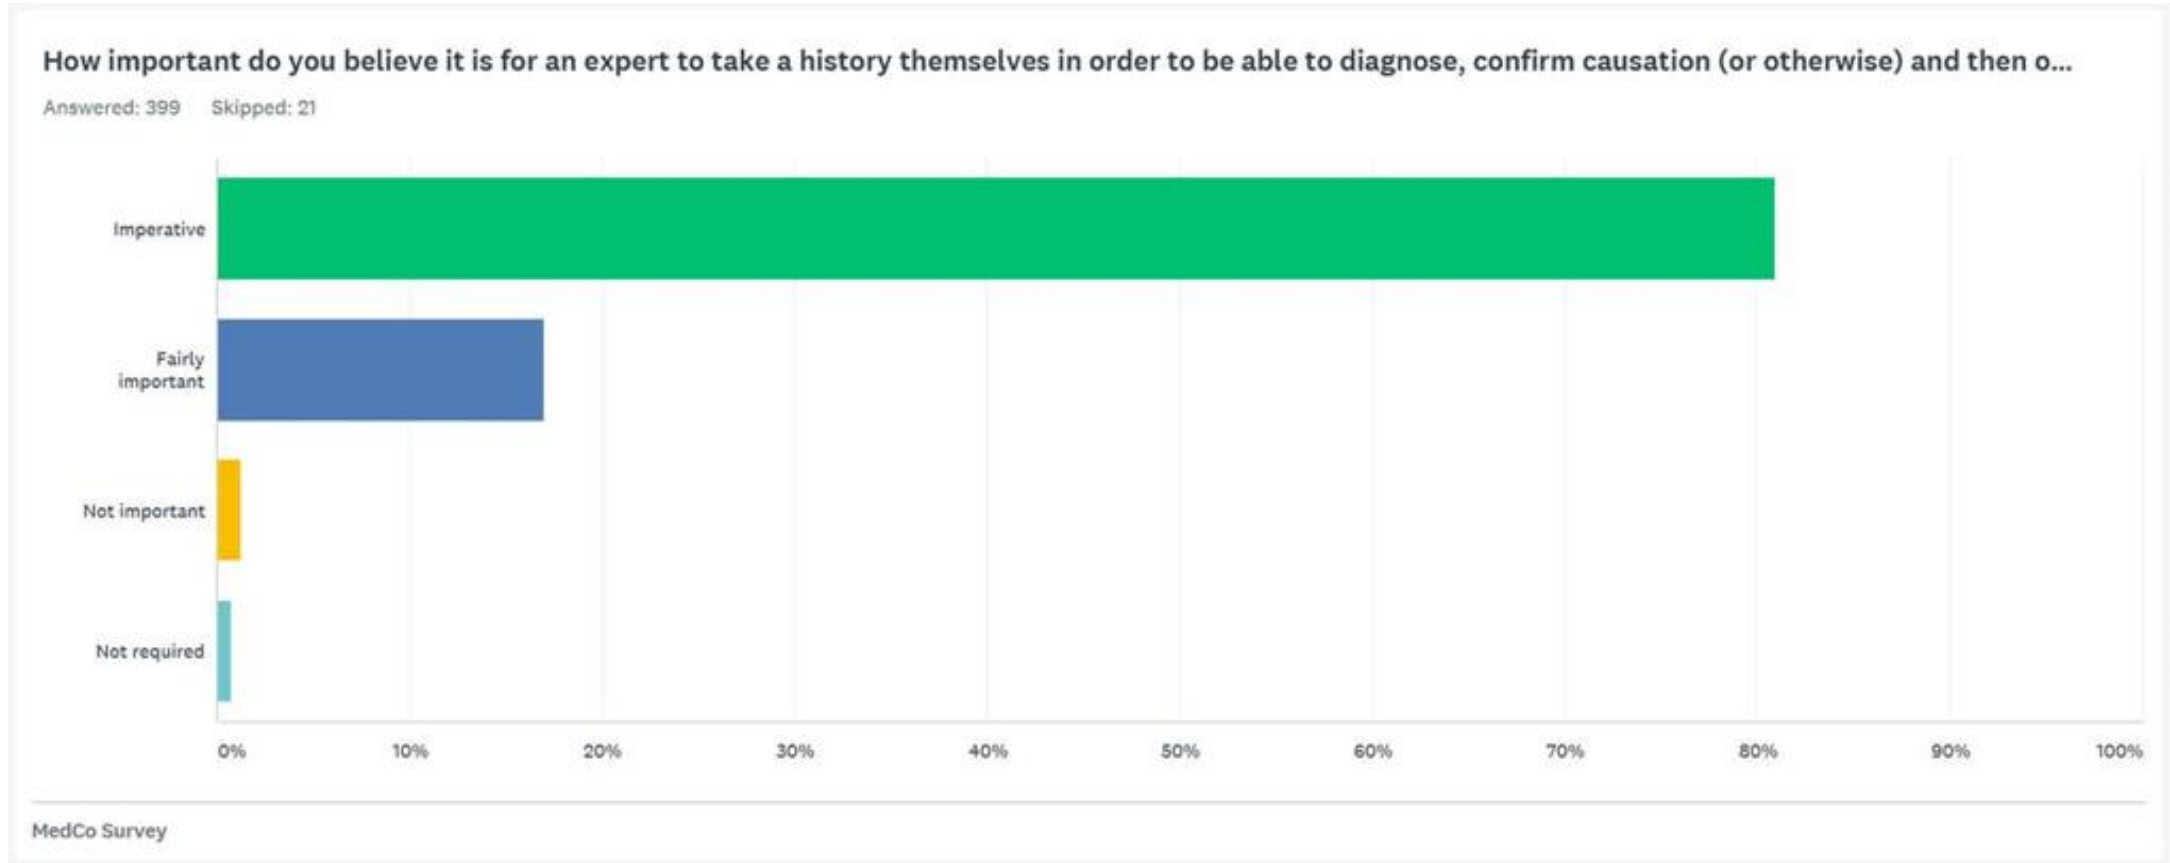

Q1 - On average, how long do you spend "Face to Face" with each claimant during their appointment?

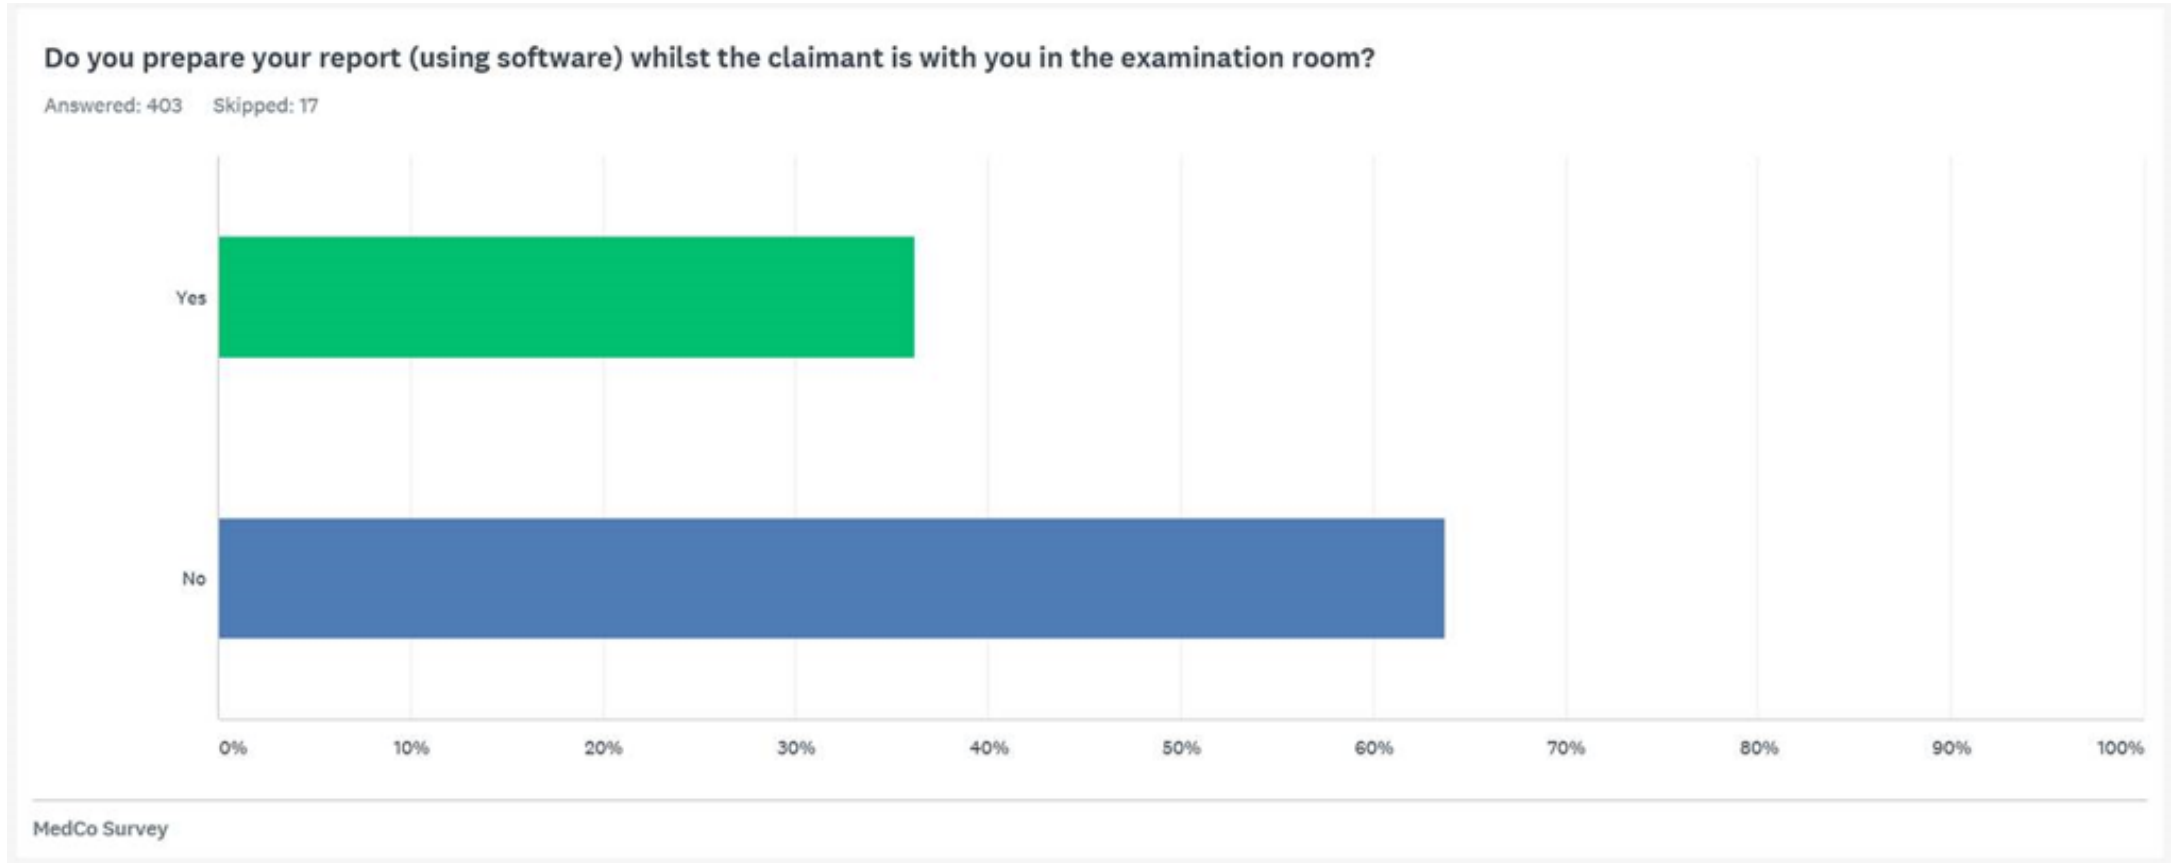

Q2 - How long does the claimant spend filling in a questionnaire, either alone or with a member of your administrative staff, before being seen by you?

Q3 - How important do you believe it is for an expert to take a history themselves in order to be able to diagnose, confirm causation (or otherwise) and then offer a prognosis for injuries associated with any given accident?

Q4 - Do you prepare your report (using software) whilst the claimant is with you in the examination room?

Q5 - Do you think it is reasonable for parts of a report to be pre-populated? If so, which of these elements would it be reasonable?
